

MILLSTONE
LABS, LLC

Free Event for Parents/Families Cyberbullying Presentation

Friday, April 19th 6:00pm

Todd County Middle School is partnering with Millstone Labs to present information to our students on Thursday & Friday, April 18th & 19th. Every student in our building will meet with veteran Cyber Cops with decades of experience investigating online crimes against children. Instructors are former members of state and federal cyber crimes task forces who bring real world experience dealing with real predators and real child victims.

Over 4,000 students, parents and educators were trained in Cyber Safe Teen in 2018 and dozens of schools are already scheduled to be trained already in 2019.

Please come join us in the TCMS library for a free presentation highlighting the information they'll be covering with our students. More information can be found at their website: www.cybersafeteen.com

CYBER SAFE TEEN

**The #1 Choice of Principals and Teachers
Keeping Kids Safe Online since 2016**
